

Leadership Learning

- ◆ NMA's new Leadership Evaluation and Development System (LEADS) provides you with a unique opportunity to experience Leadership Your Way!
- ◆ LEADS can be accessed at any time from any computer with internet capability to pursue the areas of greatest interest to you as you explore LEADERSHIP YOUR WAY!
- ◆ LEADS begins with a personalized assessment of your understanding of the NMA leadership attributes and competencies
- ◆ Your responses to this assessment are used to identify competencies and attributes where industry best practices could help you improve your leadership and performance
- ◆ LEADS provides associated reading, training, and work assignments to let you learn more about these best practices and try them in your work environment

The NMA Leadership Model

Organization

Leadership Evaluation And Development System

LEADS can be a personal journey
or can be shared
with your team and organization.

LEADS involves three key steps, all of which must be completed to get the most from the LEADS program:

ASSESS – use the multiple choice LEADS questionnaire to evaluate your understanding of industry best practices related to the NMA leadership competencies and attributes. The Leadership Analysis will identify areas of strength and potential areas for improvement.

ASSIGN – complete the suggested key reading, training, and work assignments found in the Leadership Analysis. They allow you to learn more about related industry best practices and are tailored to your needs.

ACHIEVE – once completed, the lessons derived from these assignments must be successfully applied in your work environment to fully realize the LEADS effectiveness and YOUR potential.

To get started, click on the LEADS link.

LEADS Sponsors who enabled LEADS startup and major enhancements

LEADS represents a major effort that drew on volunteers and teaming arrangements from across the country to provide:

- ◆ Over 1,700 hours of volunteer time to generate the LEADS contents and infrastructure
- ◆ \$10,000 Grant from the **NMA Boeing Aerospace Leadership Chapter** for seed money which supported LEADS technical programming
- ◆ Teaming with **Dale Carnegie, Inc.** to develop the LEADS contents and to build LEADS competency descriptions
- ◆ Teaming with **getAbstract** to provide all LEADS volunteers access to the book summaries recommended by LEADS
- ◆ Teaming with **OCLC WorldCat** to provide LEADS users with a free library search routine which locates the closest library where they can check out books recommended by LEADS
